

2695-NRP

The diagram shows a series of six vertical rods passing through a stack of four horizontal layers. The rods are positioned at regular intervals. The layers are represented by rectangles with notches at the top and bottom. The top layer has a notch at the top, and the bottom layer has a notch at the bottom. The rods are shown as vertical lines with pointed ends. Arrows point to the top and bottom of the rods, indicating the direction of movement or force.
